## Sorting words with the two different sounds of "OW"

Do the body motions for these sounds as you explain to your child the little story behind the characters. The figure on the left has just realized something and he's saying "OH!" The little one on the right fell down and skinned his knee and so he's got his mouth wide open as he wails, "OW!" Let your child cut out the words below and sort them as he reads them into either the OH sound or the OW sound.

| blow | down | snow | low |
| :---: | :--- | :--- | :--- |
| grow | mow | tow | clown |
| cow | brown | brow | plow |
| town | glow | frown | how |
